Let us read

I

Prabhat always wanted to win. His parents, teachers, and friends said that he did not know how to accept **defeat**. The fact was that he could not bear losing, not even at marbles. He felt so good when he won that he never wanted to give up that feeling. **On the contrary**, losing made him feel **terrible**. He thought that losing was the worst thing that could happen to anyone.

If Prabhat **sensed** that he would lose a game, he would not play it. He would take part only when he was sure of winning, even if the game lasted only for a minute. You could not stop him from playing the kind of games he was really good at, like badminton.

A new student joined Prabhat's school, and his name was Surya. Surya was an excellent badminton player. Prabhat waited for the last Friday of the month. Last Friday was **significant**. This was when the coach **conducted** friendly matches in the games period. The teams were decided on Monday and it was no surprise when Prabhat and Surya were chosen to play a round against each other. Prabhat was given the responsibility of keeping score for their match. On one hand, Prabhat prepared for the match with great seriousness. Surya, on the other hand, seemed relaxed, not taking the things seriously at all. He walked about the

whole time, smiling and cracking jokes about all sorts of things. But on Friday, at the badminton court, Surya was a real **phenomenon**. He won points again and again, laughing and joking all the time. However, Surya was paying so little attention to the match that Prabhat managed to change the scoreboard while his opponent was looking elsewhere.

Prabhat managed to win by cheating. He made a big thing of his win, but it did not matter to Surya.

“It’s been fun. We should play again some other time,” said Surya.

Let us discuss

1. State whether the following is True or False.

Prabhat would accept losing to anyone easily.

2. What was special about the last Friday of each month?

3. Who was responsible for maintaining the score for the match?

4. Do you think Prabhat wished to play another match with Surya? Why do you think so?

II

On that day, everyone was discussing their game and how Prabhat had played so well. Surprisingly, Prabhat could not sleep well that night. He had won the game but he did not feel as happy as he usually did. What was surprising was that Surya did not feel bad about losing. What was more surprising was that Prabhat saw

Surya playing basketball the next day. Surya was so **hopeless** at it that he could not score a basket for ten minutes. Yet, he enjoyed playing the game. His happy smile never left his face.

Prabhat **kept a close watch on** Surya for some days. He was great at some things, terrible at others but what was common was the enjoyment. He enjoyed everything equally. As Prabhat went on with his observation, he realised that to enjoy a game, you did not need a scoreboard to keep a tally of your scores. Neither did you have to worry about winning and losing. You needed to enjoy the game for its own sake. What matters is trying to do well, and enjoying every moment of it.

Prabhat learnt something through the observations every day, soon realising the change in himself. He had even begun playing hide and seek, and felt sad whenever it was about to end. He also started joking while playing badminton. Soon, the other students started talking amongst themselves, “Good fun playing with Prabhat, that fellow definitely has a great sporting spirit.”

YOGA—A WAY OF LIFE

Let us do these activities before we read.

1. What do you know about yoga?
Discuss in pairs and share with the whole class.
2. What is 21st June known for? What do we do on this day?
3. List as many words you know related to yoga. Share them with your classmates.

Let us read

Yoga is a physical, mental, and spiritual practice that **originated** in ancient India. The word 'Yoga' comes from the Sanskrit root 'yuj', which means 'to join' or 'to unite'. This symbolises the unity of mind and body; thought and action; **harmony** between human and nature. It is a holistic approach to health and well-being.

Sage Patanjali presented the ancient tradition of yoga in a systematic way in 'Yoga Sutras of Patanjali'. He described yoga as the means to make the mind quiet and free from all **distractions**.

Yoga has become increasingly popular around the world due to its many health benefits.

harmony:
balance

distractions:
disturbances

Here are some of the benefits of yoga—

- Yoga postures (*asanas*) help to stretch and strengthen the muscles, increase flexibility, **endurance** and balance. This can improve overall physical fitness. This can also help to reduce body pains, such as lower back pain.
- Yoga involves breathing techniques and meditation, which can help to calm the mind and reduce stress and **anxiety**. It relaxes the mind, improves the quality of sleep and increases concentration.
- Yoga has been shown to **boost** the immune system. It can improve heart health by lowering blood pressure and improving circulation.
- Yoga can aid in weight loss by burning calories, and maintaining health.

Yoga promotes a sense of overall well-being. This is the reason why the benefits of practising yoga are internationally recognised. The World Health Organisation (WHO) on 20th June 2021, launched an App called WHO mYoga. The app contains a collection of videos and audio files to teach and support yoga practice. The aim was to have an easy-to-use and free tool for people across the world to encourage them to practise yoga.

increase

We can start practicing yoga at any given moment of time. We must remember that when we practice yoga *asanas* (postures), we do not just stretch the body. The mind has to be with the body. This is the reason why it should be practised without distractions. If each stretch is coordinated with the breath and awareness, our practice will become a yogic practice.

Being the first accessory of Hatha-Yoga, *āsana* is described first. It should be practised for gaining steady posture, health and weightlessness of body.

- A few seals of the Sindhu-Sarasvati Civilisation, dating back to 2700 BC, indicate that yoga was prevalent in ancient India. CHANGE OF HEART

Good morning, everyone. I know you all are excited about the Friday, friendly matches. This Friday we shall have three matches—one for chess, the next for kho-kho and finally one for badminton. I have put up the kho-kho teams' name list on the sports' notice board. Since this is a team game, your class VI-B shall be playing against the VI-D kho-kho team. The kho-kho match refreshments are being sponsored by Xydium Sports Club. Let me clarify, the spelling is X-Y-D-I-U-M, Xydium.

Now the places for the matches—the first one is chess. It'll take place in the 1st floor activity room with Vani as the scorekeeper. Kho-kho will be played in the sport's ground where I myself will be the referee. For badminton, we have chosen the multipurpose hall on the ground floor hall. The net will be put up there.

For the chess match, it has been decided that this match shall be played between Sarita and Nupur. Two matches will be played during the regular games period on Friday but kho-kho will be played in the 2nd and 3rd period. Remember the kho-kho team names are up on the Sports' Notice Board.

Good luck!

YOGA—A WAY OF LIFE

Namaste everyone!

I wish to share with you all that I do simple yoga exercises with my grandfather. He has been practising yoga since he was 16 years old. My grandfather is fit and strong even at the age of 65. I am sure that this is the result of many good habits. I know that eating a balanced diet regularly and making yoga a part of his life have been hundred per cent effective. When I accompany my grandfather to the park, I see so many people—young and old—doing yogic breathing exercises.

I like doing these exercises. Whenever I'm a little worried about an Inter-House competition, I always remember to do some of these exercises early morning that day. It relaxes me and makes me feel focused and calm. I plan on learning some *asanas* from my grandfather during the summer vacations.

Wish me luck!

You will listen to the audio or narration once again. As you listen, check your answers.
